

1. Open OBS-Studio

2. Click on + Symbol

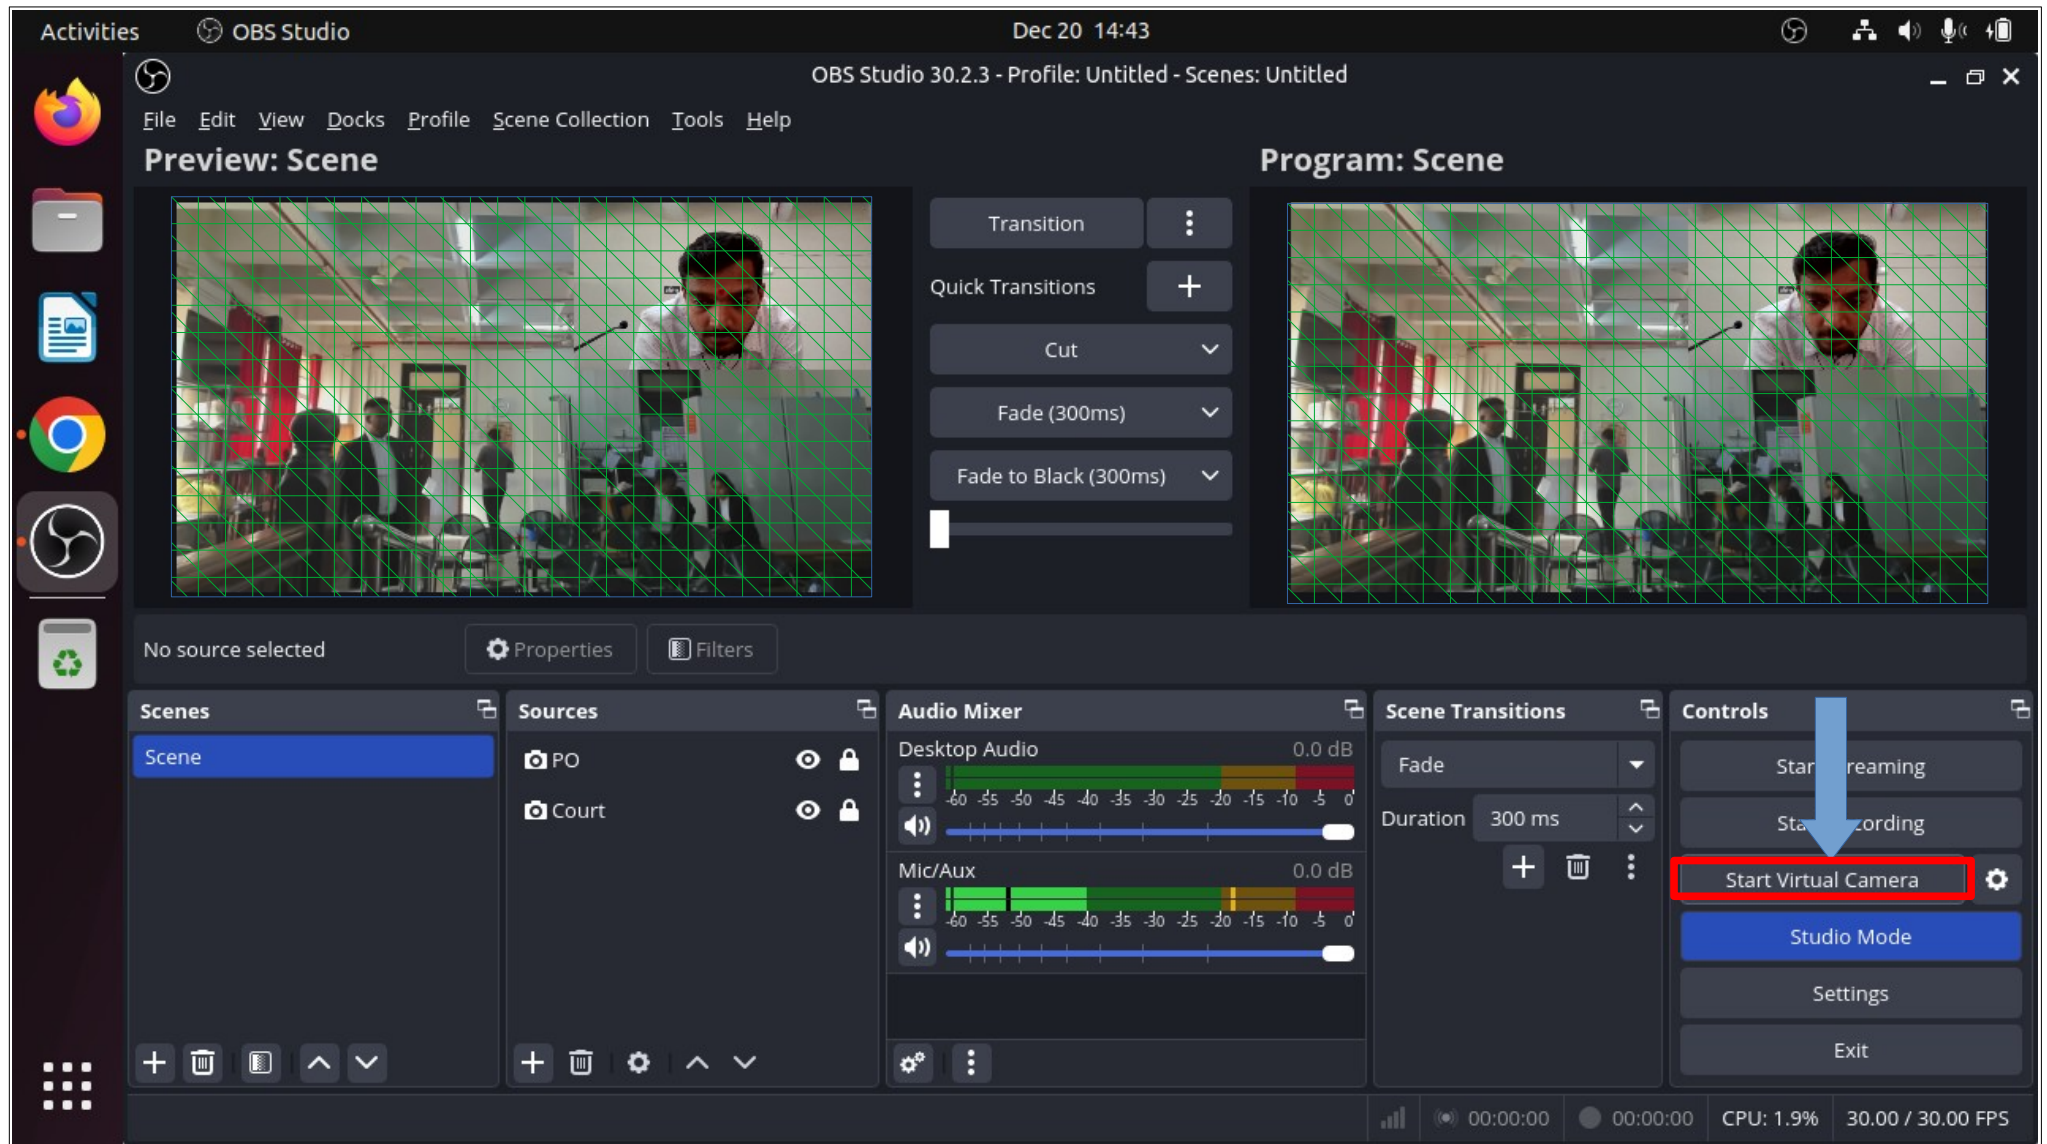

I. Select option Video Capture Device.

II. Add both camera.

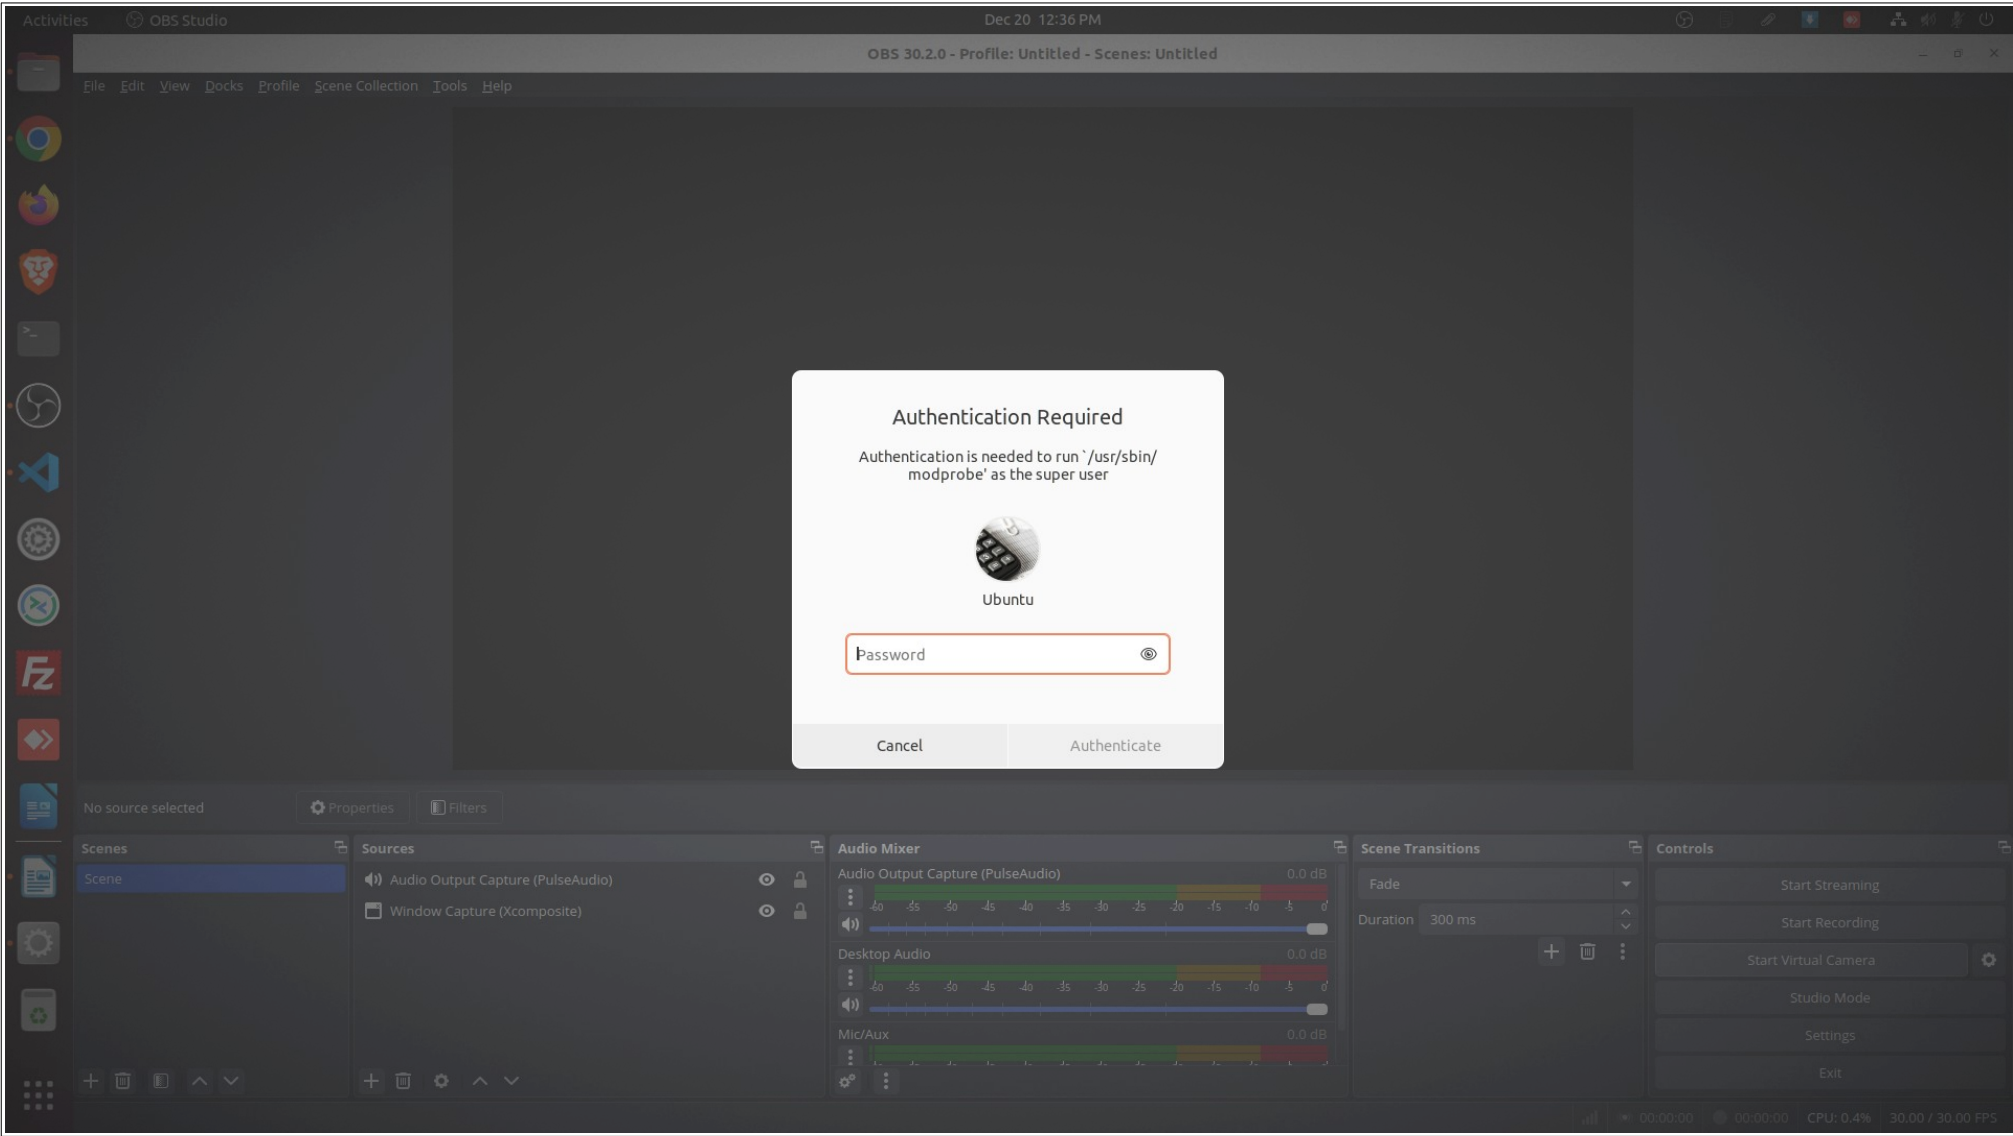

1. Click on +

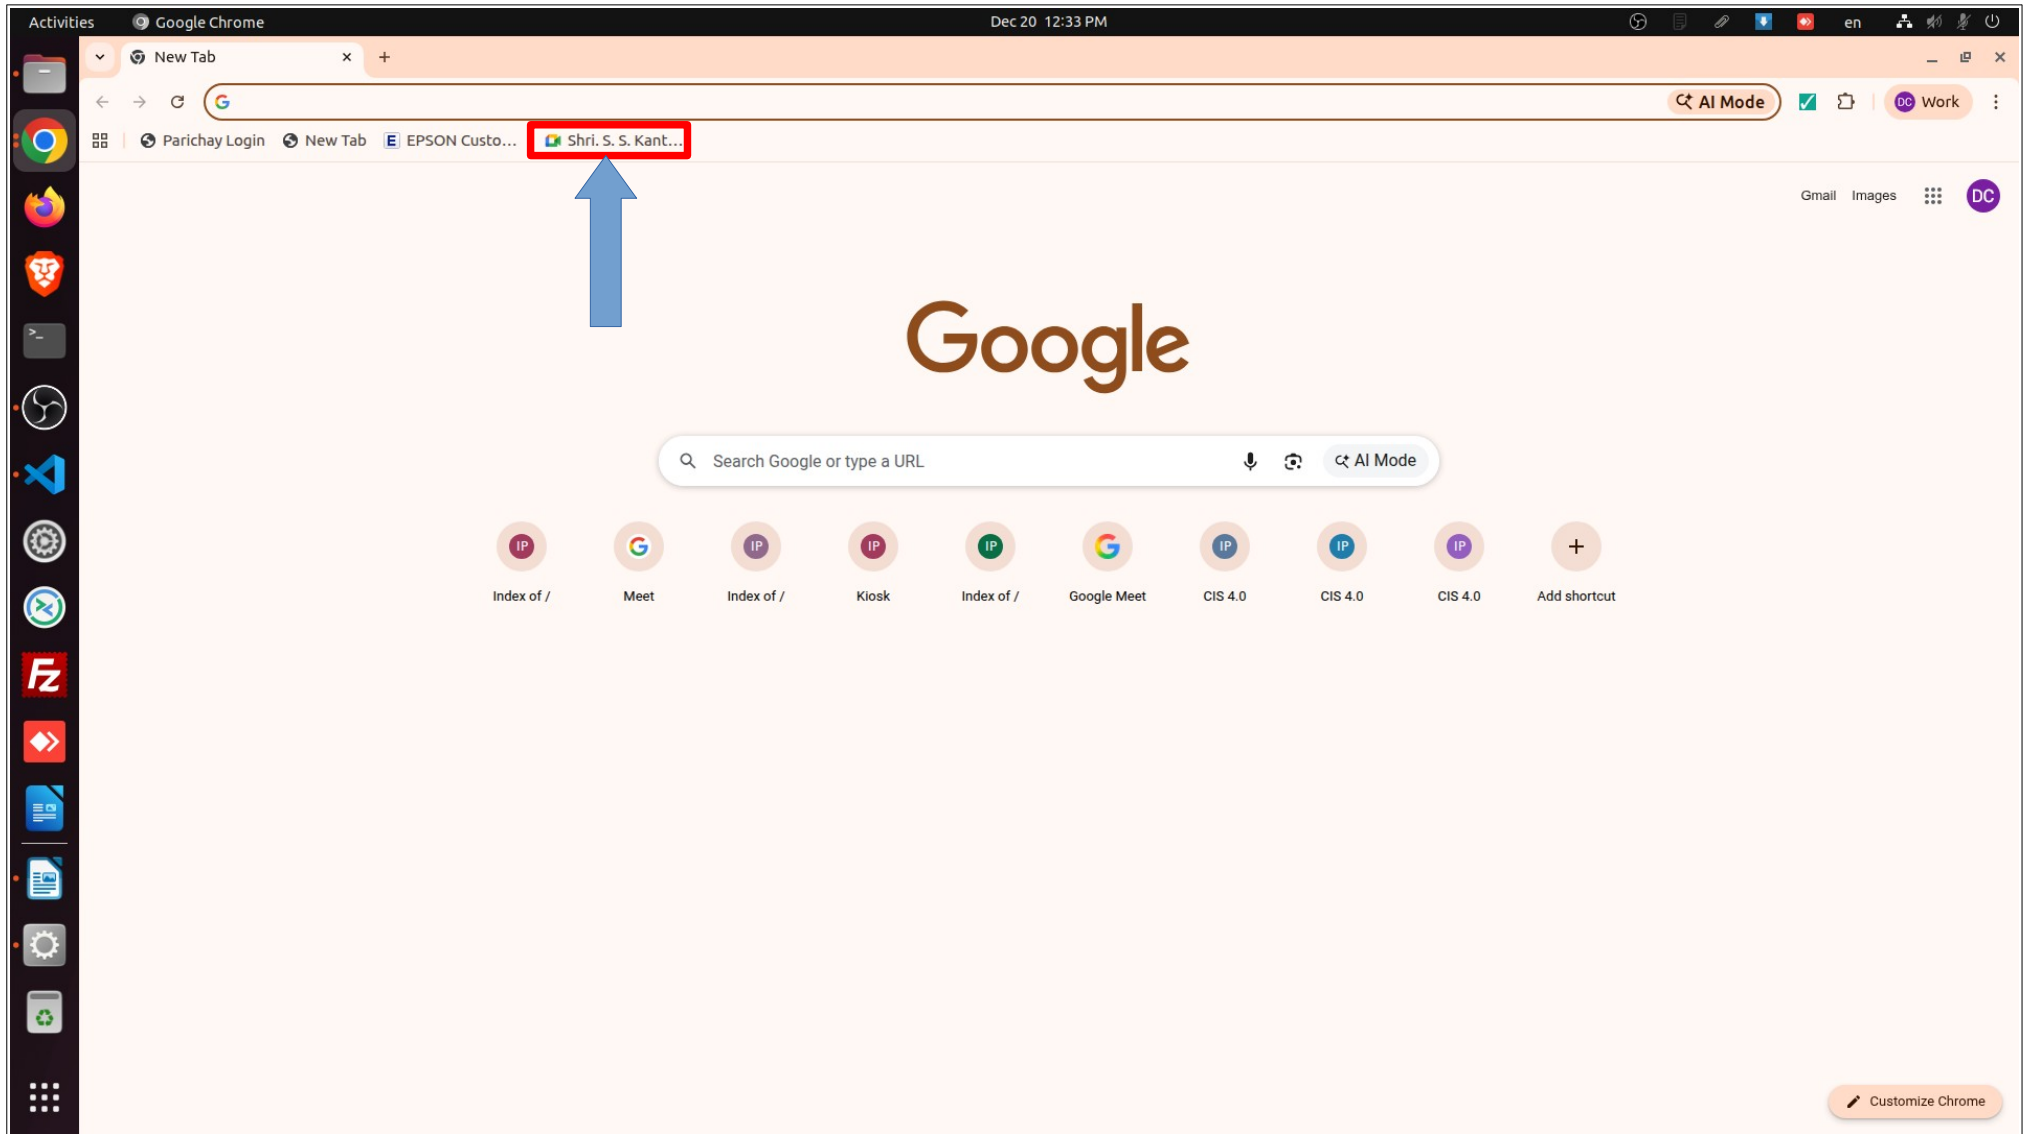

3. Click on Start Virtual Camera

4. Enter Password (ubuntu)

4.Open Chrome

5. Select Audio Input Source (UMC404HD 192k Multichannel)

The screenshot shows a Google Chrome browser window with a Google Meet page open. The browser's address bar shows the URL `meet.google.com/qdb-wrbi-czo?authuser=0`. The Meet page header displays the user `dc4.pune@hcob.in` with a 'Switch account' link and a 'Work' profile icon. The main video area shows a grid of participants; the top-left tile, labeled 'DC4 Pune', is highlighted with a red dashed circle. A context menu is open over this tile, listing three audio input options: 'Default System default', 'UMC404HD 192k Multichannel' (which is selected and highlighted with a red rectangle), and 'BRIO Ultra HD Webcam Analog Stereo'. Below this menu, a third option 'Built-in Audio Analog Stereo' is visible. At the bottom of the screen, a control bar shows three active input devices: a microphone labeled 'UMC404H...', a speaker labeled 'UMC404H...', and a virtual camera labeled 'OBS Virtual...'. To the right of the video grid, the name 'Shri. S. S. Kanthale, District Ju...' is displayed. Below the name, it says 'No one else is here' and provides a large blue 'Join now' button. A link for 'Other ways to join' is also present.

6. Select Audio Output Source (UMC404HD 192k Multichannel)

The screenshot shows a Google Chrome browser window with a Google Meet page open. The address bar shows the URL `meet.google.com/qdb-wrbi-czo`. A notification at the top says "Screenshot captured. You can paste the image from the clipboard." The Meet interface shows a video call in progress with a participant labeled "DC4 Pune". A red grid is overlaid on the video feed. A blue arrow points to the audio output selection menu, which is open. The menu lists the following options:

- Default
System default
- ✓ UMC404HD 192k Analog Surround 4.0
- Built-in Audio Analog Stereo
- Test speakers

The "UMC404HD 192k Analog Surround 4.0" option is highlighted with a red border. Below the menu, the audio output is set to "UMC404H...". The right side of the screen shows the name "Shri. S. S. Kanthale, District Ju..." and a "Join now" button. The status "No one else is here" is displayed above the button. A link for "Other ways to join" is also visible.

7. Select Camera as (OBS Virtual Camera)

The screenshot shows a Google Chrome browser window with the Google Meet interface. The address bar shows the URL `meet.google.com/qdb-wrbi-czo`. A notification at the top says "Screenshot captured. You can paste the image from the clipboard." The Meet page displays a video feed of a man in a white shirt, labeled "DC4 Pune". A camera selection menu is open, showing options: "Logitech BRIO", "HP TrueVision HD Camera", and "OBS Virtual Camera" (which is highlighted with a red box and a blue arrow). Below the menu, there is a "Make a test recording" option. The page also shows a "Join now" button and a "Switch account" link for the user "dc4.pune@hcob.in".
